Our philosophy

We pride ourselves on being a friendly and caring team who aim to provide quality, affordable dental care. We will also help and encourage you to maintain good oral health. We warmly welcome you to our practice.

Our services

We can meet all your dental needs in a caring manner, with a full range of routine, cosmetic and preventive dentistry.

Mr Coia and Mrs Lang offer **private dentistry** to those joining the practice. When your mouth is healthy we can offer membership of **Denplan**, which is a monthly payment plan to maintain your dental health. Denplan also covers you for unforeseen dental emergencies both here and abroad. Each year we have a new dentist who offers **NHS care** to those joining the practice. They are mentored by Mr Coia under NES Vocational Dental Practice Scheme.

If you would like to enhance your smile do ask us about **tooth whitening** and tailor - made options for a **whiter, brighter smile**. We can offer exceptional, **natural dentures** to restore a beautiful smile. We also provide **sports mouth guards** and can recommend referral for implant dentistry or orthodontics if needed.

We are a **kind, caring and child friendly** practice.

Our dental hygienist

Our practice Hygienist is Marie Dorrian. She is highly skilled in the **treatment of gum problems** and can provide you with a tailored plan to maintain good oral health for a lifetime. These visits are available privately or are covered through Denplan membership.

Our practice and your safety

The whole practice team are up to date and actively involved in continuing their professional development. Mr Coia and Mrs Lang have undertaken advanced study and are able to provide complex dental care of a high standard.

Your safety is our priority. We have strict decontamination and infection control measures in place and follow government guidelines.

Do keep us informed if there are any changes to your medical health so we can continue to treat you safely.

Our administrative matters

We will always give you a written estimate of the cost of your treatment; if this is not clear then do ask any of the team. We can offer a Medenta 0% finance scheme to spread the costs of treatment. We accept cash, cheques and cards including American Express. **Payment is due in full on completion of treatment.** Patient records are stored securely. You can request access to your records if required, in writing.

Your input

Do let us know how we are doing by using our **comments** box in the waiting room, drop us an email or discuss anything with us in person. If you have any questions about any aspects of your dental care please do not hesitate to ask one of the team.
